MEEM WATER
TECHNOLOGY LTD.

Who We Are?

Meem Water Technology Limited is an advanced Environmental Engineering and Trading Company in Bangladesh that primarily focuses on water purification and the water treatment sector.

It was founded in 2009. We have been in the water filtration industry for over 14 years. Using the most modern water filtration technology available, we provide you with the best water purifier in

Bangladesh. Our primary focus is to offer the top-notch quality and service possible and satisfy our clients. In general, our water purifier models are intended for use in homes, hospitals, workplaces, and educational institutions.

The organization has developed a high-level youthful staff team and a broad selection of innovative marketing systems and worldwide sourcing. We're confident to be the most excellent water purifier Company in Bangladesh using our advanced management expertise, extensive foundation, and consistent market base.
